Editor's Preface

The readings for this edition of the Bhikkhupātimokkhapāḷi are substantially a transliteration of the text of the rules as they appear in Pārājikapāḷi & Pācittiyapāḷi, which constitute the first two volumes in the Buddha Jayanti Tripitaka Series (Vols I & I(I)).¹ The Pātimokkha is not printed there as a separate item but is embedded within the Suttavibhaṅga, which contains, wherever appropriate, the origin stories, the various recensions the rules went through, the final rule, the permutations, the exceptions, and a word commentary on the rule itself.

The BJT editors were somewhat inconsistent in providing titles for the rules, and in certain cases omitted them altogether. The deficiency in this regard has been made up from the ChS edition as printed on the Chaṭṭha Saṅgāyana CD-ROM (Version 3). In the original edition there were many cases where the text was inconsistent in its use of punctuation and layout. Here an attempt has been made to present a more standardized version of the text in this regard, but these sort of changes have not been noted. Other changes and corrections made by the present editor that affect the substance of the text have been recorded in the notes.

August 2001

¹ Editor's note: The readings for the nidāna come from Vol 3 of the same series.

² The Pārājika rules in BJT are listed simply as **paṭhama-**, **dutiya-**, **tatiya-**, & **catutthapārājikam**; without further identification. Most of the other rules have mnemonic titles usually connected with the wording of the rule, or the occasion for it (but see the notes to the Pāṭidesanīya & Sekhiya rules below). The titles in brackets in this section are taken from the ChS edition of the text.

³ BJT: **pati-**. Editor’s note: wavers between **paṭi-** and **pati-** in its spelling of this prefix, in this edition it has been standardised as **paṭi-**. No further instances will be noted.
